"DRC Conflict-Free" Declaration Compliance

Dear valued customer,

W+P PRODUCTS GmbH takes the worldwide concerns about feeding metals mined in conflict areas of the Democratic Republic of Congo (DRC) into the electronics supply chain very seriously. W+P PRODUCTS GmbH herein declares that products supplied to your company are free of DRC Conflict Minerals.

W+P PRODUCTS is taking and will take due diligence within our supply chain to assure "DRC Conflict-Free" materials for the metals of gold (Au), tantalum (Ta), tungsten (W), cobalt (Co) and tin (Sn) are used for our products. Those materials must not be derived or sourced from mines in conflict areas of the DRC or illegally taxed on trade routes controlled by non-government military groups or unlawful military factions.

Trade routes not confirmed to be "DRC conflict-free" include direct exports from the DRC, as well as exports through Rwanda, Uganda, Burundi, Tanzania and Kenya (countries the U.N. Security Council note as global export routes for DRC-mined minerals).

Best regards

Peter Schneider
